Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Last of all standard wireless plans are so costly. Thats one of the reasons I don't have a contract plan. Whereas, Tracfone is a pay as you go type of plan. Maybe one month I will use my phone a lot, and maybe the next not even once. Adding the cost of \$1.00 is so low key. so why should I pay that extra dollar when I don't even use my phone that much or not.

(Please rethink your outlooks on this topic.)

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
